31<sup>st</sup> May 2017

Dear Ian,

**Ropley Neighbourhood Plan – Proposals for Local Green Space.**

This letter/email is to let you know that since informing you about the initial proposals for Local Green Space designation the Neighbourhood Planning timetable has been revised and the public consultation process is now likely to start in September.

As you are aware the policy objectives in designating areas as Local Green Space is to give formal recognition to land valued by the local community and of greatest significance to the heritage and setting of the village. The public consultation planned to take place over 8 weeks will be your clients opportunity to comment on these proposals and address any other aspects of the Ropley Neighbourhood Plan.

Yours sincerely,

On behalf of - Councillor Simon Perkins  
Chairman of the Neighbourhood Plan Steering Group
