

## **Bramshott and Liphook NDP**

### **Fact Check Comments – Audit Trail**

The comments made by the three councils were very helpful.

All the typographical and general comments are incorporated within the final report with the following exceptions:

#### *Parish Council*

7.67 – As suggested by SDNPA

BL13 – Additional explanation now included in the report

BL15 – Signs are controlled by the Advertisement Regulations and are not usually seen as a land use policy for the purposes of a neighbourhood plan

7.131 – The examiner's role is restricted to recommending modifications which are necessary to ensure that the Plan meets the basic conditions. As such, I have not included other suggestions. Whilst they would improve the plan they are not required.

#### *EHDC*

7.89 (query) – Part E of the submitted policy has not been incorporated into the recommended recast policy (see BL13 in the Parish Council section above)

#### *SDNPA*

1.1 – I use the more common reference to Neighbourhood Plan elsewhere in the report

BL18 – I have addressed the conformity issue as a new paragraph at the very end of Section 7 of the report.

Issues addressed in the final paragraph of the covering letter – as 7.131 in the Parish Council section above.

Andrew Ashcroft

Independent Examiner
