

# **East Hampshire Five Year Supply of deliverable land for Gypsy, Traveller and Travelling Showpeople Accommodation**

**(As at 31 March 2024)**

**Published 4 September 2024**

## 1.0 Introduction

- 1.1 Planning Policy for Traveller Sites (PPTS) 2023 sets out the Government's planning policy for Traveller sites. It should be read in conjunction with the National Planning Policy Framework (NPPF).
- 1.2 Paragraph 10 of PPTS states that local planning authorities (LPAs) should identify and update annually a supply of specific deliverable sites sufficient to provide five years' worth of sites against their locally set targets. PPTS defines a Traveller for planning purposes (PPTS, Annex 1: Glossary).
- 1.3 This report sets out the five-year supply position in East Hampshire District (not including the area within the South Downs National Park) for Gypsy, Traveller and Travelling Showpeople at 31 March 2024. It will help inform the determination of planning applications where Gypsy, Traveller and Travelling Showpeople supply for pitches and/or plots is identified as a planning consideration.

## 2.0 Context

- 2.1 Current and future need for Gypsy, Traveller and Travelling Showpeople accommodation in East Hampshire is documented in the East Hampshire Gypsy, Traveller and Travelling Showpeople Accommodation Assessment 2024 (GTAA). April 2024 is the base date of the GTAA. The fieldwork was completed between September 2023 and April 2024.
- 2.2 The GTAA includes a list of sites and yards that were considered in the assessment (Appendix E of the GTAA). The list is as known at a point in time. Not all provision that is made is directly relating to those sites identified on the list. New private pitches gaining planning permission can be occupied only by those meeting the conditions of the planning permission. Permission may be conditioned for occupation by a particular person/family only.
- 2.3 Note: the years period is referenced as 2024-2028, 2029-33 etc in the GTAA 2024. The base date of the GTAA is April 2024, and the year starts on 1 April 2024. As such, for the sake of calculating the five year supply, and to correlate with the base date, the years run as follows; 1 April 2024 - 31 March 2029, 1 April 2029 - 31 March 2034 etc (2024-2029, 2029-2034 etc).

Table 1 - The need for Gypsy and Traveller pitches in East Hampshire

Years	2024-29	2029-34	2034-39	2039-44	Total
No. of pitches (Meet Definition +92% Undetermined)	40	5	9	6	60

Table 2 - The need for Travelling Showpeople plots in East Hampshire

Years	2024-29	2029-34	2034-39	2039-44	Total
No. of plots (meet definition)	44	6	2	1	53

- 2.4 Tables 1 and 2 provide the figures used for the calculation of the five year supply position.
- 2.5 For the purposes of this calculation, a site is considered completed when it is occupied, or when development works are completed to such a standard that the site is considered habitable (with or without the presence of mobile homes) or is for sale ready for occupation. Land for sale with planning permission, without development works having progressed to a habitable state, is not considered completed. Completions information is informed by visual site assessments where possible, contact with the planning agent/owner where possible and planning status (for example, a retrospective application where the site is already occupied, or a temporary permission is made permanent).

### **3.0 Conclusion**

- 3.2 As at 31 March 2024, there is 0 years supply of deliverable land for Travelling Showpeople plots. There is a shortfall of 44 plots over the next 5 years.
- 3.3 At the date of publication of this position statement, there are 5 pending planning applications awaiting a decision, totalling 7 Traveller pitches and 12 Travelling Showpeople plots.
